

COUNSELLING AT EVOLVE IS NOW UP AND RUNNING...AND FREE TO EVERY YOUNG PERSON FROM AGED 14-24YEARS.

The Counselors that we have are all qualified NZAC counselors and Are keen to work with young people.

The Counseling will take place here at Evolve, 5 Eva Street, Wellington where we have a youth friendly counseling room set up.

The young person seeking counseling has to be seen initially by The Social Worker or the nurse for an initial chat and then the Young person will get a call from the counselor they have chosen from our profiles of six. The profiles have a photograph and a little blurb of each counselor.

The six counselors, soon to be eight, have many differences in Age/culture/male-female etc, although all have extensive relevant Experience, and the young person can choose whom they would like to try and if it doesn't feel quite right they can change and try a different Counselor.

It's all about them and what works best for the young Person.

They will receive six sessions and then the counselor and young person Will review the circumstances and if necessary they can have more.

Simple.

Counseling is open to everyone, whether they have been to Evolve or not. We are keeping one counselor busy at the moment but we are looking for referrals and have no waiting list at present.

If you have any questions feel free to contact, Fiona Hunter, Social worker on 021 734 965 or (04) 801 9150
